

## CONTACT LENS EXAMS AND FEES

If you are currently wearing contact lenses and there are no changes made to the brand or type of lens you wear, you are still required to have a contact lens evaluation annually in order to maintain a valid prescription. The cost for the annual contact lens evaluation starts at \$29. Prescription changes are included in this fee.

If you are refit for contact lenses different brand or type of lens, a refitting fee between \$39 and \$59 depending on the type of lens (spherical, toric, or multifocal).

If you do not wear contacts currently and are interested in wearing them, a contact lens fitting is required. Fitting fees range from \$109 to \$129, depending on the type of lens needed and the complexity of the fit. Fitting fees include training, all contact lens progress checks needed in order to determine fit, along with all trials needed during the fitting process. Specialty rigid contact lens fittings are determined on an individual basis.

We offer routine contact lens checks at no charge for the six months following your exam; thereafter contact lens related visits are the patient's responsibility.

Please sign below to acknowledge that you understand the charges described above.
